Dear Patient,

To all patients registered at Farnsfield Surgery

As a patient of Farnsfield Surgery, we are writing to let you know about the changes happening at your practice from 5th May, 2021.

We will be transferring your GP registration across to a new provider called Hill View Surgery who will take over running services at Farnsfield Surgery.

This is following the decision made by the current provider, Sherwood Medical Partnership, to withdraw as the provider of services at Farnsfield Surgery; however they will continue to provide services at Crown Medical Practice.

You do not need to do anything.

On 5 May 2021, you will be automatically transferred across to the new provider. For more information on the new provider, you can visit the website: <https://www.hillviewsurgery.co.uk/>

The practice site will still be called Farnsfield Surgery; with the location and contact number for the practice staying the same. If you have any symptoms you are worried about or need medical help, please continue to contact Farnsfield Surgery to get the help you need during this time.

Farnsfield Surgery is still offering online and telephone consultations and face-to-face appointments are still being booked where clinically needed. You can also call NHS 111 for advice or visit NHS 111 online for coronavirus advice.

Registering at a GP practice of your choice

If you would like to register at a different GP practice, you can do this as long as the practice covers the area you live.

All GP practices are listed on the NHS website - www.nhs.uk. To register, please put in your postcode for a list of your nearest GP practices and contact your chosen GP practice to ask to register with them. Due to Covid-19, some practices may not be registering patients face-to-face so please call them beforehand to check.

Please wait until after 5 May, 2021 before registering with a different GP practice to allow the transition process to finish.

Other information

If you would like to register at a different GP practice but cannot access information online or if you have any questions, please contact the CCG Patient Experience Team on 0115 883 9570 or email nccg.patientexperience@nhs.net.

There is also a frequently asked questions (FAQ) document for patients of Farnsfield Surgery on the news section of the CCG website. Please visit: www.nottscg.nhs.uk.

Yours sincerely
